

ITP

Information Technology Professionals of South Carolina Membership Application

ITP offers three separate categories of members:

Corporate/User – These associates are voting members who are users of information and telecommunications technology who are not engaged in production, sale, or rental of information and telecommunications technology facilities or equipment and not in the consulting business.

Vendor/Supplier – These associates are non-voting members representing companies and organizations which are engaged in the production, sale and rental of information and telecommunications technology facility and services or in providing consulting services on information and telecommunications services.

Individual – These are associates who are voting members who are engaged in information and/or telecommunications technologies.
